WALL STREET IN A HECTIC DAY

Brokerage Houses Still Are Swamped With An Avalanche of Orders on Eighth Day of Great Post-Election Business Boom

THE STRENGTH SURPRISES

From a Speculative Standpoint Street Is Baffled As to What the Market Will Do Next, And Today's Developments Are Awaited With Anxiety

New York Nov. 13.—Wall street entered another hectic day today with brokerage houses still swamped with an avalanche of orders on the eighth day of the great post-election business boom.

Traders were astounded at the strength of the market which showed a net gain of approximately 4 1/4 points on the average since the conservative electrical victory, despite heavy profit-taking all along the line.

There were some breaks in prices yesterday but the market on the whole showed a gain with some special issues soaring to great heights.

From a spectacular standpoint the street was baffled as to what the market will do next and today's developments were awaited with some anxiety, although many conservative traders believed the rush of buying from all over the nation would be more than enough to absorb the widespread profit-taking.

The fact that taking of profits by many persons in the market had been readily absorbed for the past two days was taken as a good sign and there was a general impression the market should simmer along a few days until paper profits have been collected and actual conditions in business catch up with the wave which has hit the stock exchange and the curb market.

HELPING PLOTTERS AGAINST THE KING

Soissons, France, Nov. 13.—The battlefields of France are giving up their unexploded ammunition to the cause of revolution in Spain.

Arms, shells and grenades left behind when the Allies and Germans quit the fields are being gathered up and sold to Spanish plotters against the King and directorate.

An extensive plot was discovered today at Soissons. The wheat fields across which the Americans fought in the summer of 1918 are being cleared and great quantities of ammunition obtained.

Spaniards, Sereno Bletz and Rodriguez Jouano, and charged them with purchasing grenades from gangs of workmen who are cleaning up the battlefields. From the prisoners it was learned that considerable quantities of arms already had been secured.

Bletz and Jouano, when apprehended, had just purchased sixty cases of grenades at 1,000 francs a case.

The grenades were packed 50 to

ESSAY CONTEST AT END—WINNERS TO BE ANNOUNCED

The Home Lighting Essay contest which in this section of the Monongahela valley is being conducted in the various schools under the auspices of the West Penn Power Company came to a close Monday November 10. Essays are rapidly being turned in and already there are over 1200 in the hands of the committee collected from the local district.

It will possibly be a month or six weeks before the judges will be able to announce the fortunate winners. They will use the process of elimination to determine which essays are the best and pick out those which have the possibilities of being winning ones and thus make their final choice.

The committee is greatly pleased at the manifestation of interest and enthusiasm that has responded to its efforts.

Lower Millage For Taxes Is Promised

The city council and school board of Monongahela have passed joint resolutions to reduce the millage on the basis of the new valuations.

The city millage will go down to seven mills and perhaps even as low as six and one-half. The school millage will be decreased to 12 mills and may even be lowered to 11 mills.

This will mean that if the new valuations stand the stress and strain of the next few weeks, and actually become the standard, the increase in

the city millage will not be greater.

Fallowfield Township Man Held For Court On Surety Peace Charge

Squire Paul R. Nutt held Peter Ezoto of Fallowfield township for court on a surety of peace of charge preferred by his wife at a hearing held last night. Bail was fixed in the sum of \$500 in default of which he was taken to the county jail at Washington today by Constable Playford Wright.

Ezoto was married to a widow four years ago, she having a number of children and Ezoto two children. The couple have a little place at Weaver Stop and are in fairly good circumstances. It is alleged that while under the influence of intoxicants Ezoto threatened to kill his wife. He is said to be an old offender, and no stranger to the officials at Washington.

USES GUN BUTT TO SLAY BUNNY

Quisenberry Zioli of Sharpsburg went into the woods yesterday to hunt rabbits. He was carrying out a stretcher. While trying to save a shell by clubbing a rabbit with the butt of his gun, he got in the way of the business end of the weapon and shot himself in the right side.

The accident occurred in Shaler township, near Etna. Other hunters in the woods heard Zioli's cry, carried him to an automobile and rushed him to the Allegheny General Hospital. His condition is serious.

COUNCIL IS BUSY: OUSTS THE FIRE CHIEF

Swissvale borough council voted last night to oust Cornelius Caldwell, fire chief, and police lieutenant Henry Zeller. Caldwell was charged with neglect of duty and had been on the suspension list since October 18, because he failed to answer to an alarm of fire. Caldwell claimed at that time his suspension came unexpectedly and verbally from Austin Miller, president of council.

Zeller was suspended October 16 in connection with the disappearance of the contents of five barrels of alcohol which had been confiscated by the police. He testified at a previous hearing that Councilman John Soles, chairman of the police and fire committees, told him to dispose of the alcohol, which he did about 5 o'clock one morning. When the chief of police found only the empty barrels where the full ones had been, Zeller was suspended. Neither Caldwell nor Zeller appeared at last night's meeting.

BELIEVE MURDER OF TWO MEN RESULT OF FEUD

Cleveland, Ohio, Nov. 13.—The bodies of Louis Rosen, 39 Cleveland, and his brother-in-law Adolph Adelman, 2008 Cedar avenue, Philadelphia, were found punctured with bullet holes in Rosen's garage here early today.

The wives of the murdered men heard the roar of a volley of shots and discovered the bodies.

Police believe the shooting was the result of a feud and are hunting three

from the Rosen home in a large duty gray touring car.

The murdered pair were found beside a small roadster in which the two men had just returned from an East 105th street cigar store where they had been playing cards.

Long Deferred Rain May Come Tonight

Pittsburgh, Nov. 13.—Rain now moving eastward over Kentucky, Indiana, and Mississippi valley may break the long dry spell in the district of the local weather bureau. Forecaster W. S. Brockman said today.

Later weather reports indicate that the storm should strike Western Pennsylvania early tomorrow evening and its course is not deflected northward over Ohio and into Canada.

Philadelphia, Nov. 13.—Mrs. John O. Miller, Pittsburgh, was nominated today by the nominating committee of the Pennsylvania League of Women Voters to succeed herself as state chairman of the league.

In a love triangle it is often found that all three used a lot of bad judgment.

Wholesale Grocery At Houston Looted Of Goods Worth \$1,000

Goods to the value of about \$1,000 were stolen some time Tuesday night from the wholesale grocery house of George D. Cummins & Co. at Houston. Entrance was effected through a side door, which had been forced open. From the amount of stuff taken it is evident that a wagon or auto truck was used to haul the merchandise away. The robbery was not discovered until the store was opened yesterday.

Chief County Detective William B. Dinsmore was notified and with Detective Bert Laird and Constable Rathbone made an investigation. There was very little upon which the officers could work. The robbers had worked quietly and no one seems to have heard or seen them.

There were taken so far as is known, 2 cases of Camel cigarettes, valued at \$700, ten cases of Tuxedo tobacco, valued at \$125; four boxes of mixed nuts, valued at \$18; one army tarpaulin valued at \$20 and 20 boxes of Hershey Milk Chocolates, worth about \$25.

The firm yesterday offered a reward of \$200 for the apprehension of the thieves.

NEW HOME FOR THE BAPTISTS

The congregation of the Emanuel Baptist church of Donora will enter a financial campaign to raise money for a new church home to house the church and Sunday School activities.

The present quarters have been found too small to meet the needs and the Sunday school has been meeting in two separate places the church building in First and Watkins street, and the basement of the neighboring church across the street.

Tag Day Benefit Russian Orthodox

St. John the Baptist Church On Saturday, Nov. 15, the Russian Orthodox Church will hold a Tag Day in Charleroi and the girls and women of the Assumption of the Virgin Mary Society will solicit funds.

We appeal to the members of the community to give what they can to aid the church. No doubt the town remembers our misfortune in losing our former church, which was destroyed by fire the latter part of December, 1923.

The basement of our new church, which is built near the site of the former one, is completed and on Thanksgiving day the cornerstone will be blessed. In the spring the church will be completed. The manufacturing plants and mines will have women and girls soliciting money. 13613*

SLEUTH AND HIS WOMAN COMPANION ACCUSED OF MURDER

Los Angeles, Calif., Nov. 13.—A Los Angeles private detective and his woman companion will be arrested today in San Diego on a warrant charging them with the murder of Harry I. Katz, millionaire real estate operator and diamond broker.

On information given police by Harry Glaze, an ex-policeman, a telegraphic warrant was dispatched to San Diego for the arrest of the pair, who according to Glaze, worked the badger game in Katz and had been attempting to extort money from him by blackmail.

The couple whose names were withheld by police pending their arrest, worked on Katz's well-known desire for feminine companionship, according to Glaze, and entangled him in a maze of underworld intrigue.

A charge of suspicion of murder was also placed against Hal Hail, a real estate dealer, when a detective found a \$1,000 diamond necklace, at one time the property of Katz, in Hail's possession. Hail said the jewels had been given to him to sell and denied any knowledge of the murder.

Katz was shot at the door of his richly furnished bachelor apartments Monday evening. He was known as one of the sharpest traders along "Diamond Row" and had made many enemies.

ALTRUISTIC ACTION.
If a good neighbor of yours were dying, and you could prevent his death, you would act instantly to save him. If he were suffering and you could alleviate his distress, you would hasten to do so.
It is precisely this spirit that is in the heart of Red Cross service—not charity but neighborliness, altruism in action. Humanity is its neighbor. Where there is distress of an individual, the Red Cross is there, laboring to build up and protect the vitality of American life. It does not attempt to cure illness, but it does undertake to reach people how to avoid being sick, how to make for health instead of disease contracting.
Alone you cannot render significant assistance to large groups of people in your community, in your country, or in other lands, however much you desire so to do. The field of your personal service is restricted. But you have a representative to serve you, and serve for you, in the American Red Cross, organized to "relieve and prevent suffering, in peace and in war, at home and abroad." It is your instrument today as during the war, for putting into effect your impulse for serving for the common good.
Here in Charleroi there is a field for labor that none better exists in the state in a borough of its proportions. It is gratifying to note that the vineyard here is full of laborers, not a "vineyard where the laborers are few." In this regard it may be well to state that your financial approbation when approached is the best stimulus for laborers to put forth their best efforts.

Bitter feeling in Japan over our immigration exclusion did not prevent the conferring of medal on Admiral Anderson and General Read in recognition of their services at the time of the great earthquake last year, the former having brought the first outside help and the latter having promptly shipped supplies from the Philippines.

The pneumonic plague in Los Angeles is said to be closely akin to the bubonic plague which was thought to be a revival of the "black death" of the Middle Ages. The relation of the disease to previous plagues, however, is less important than means for its extirpation.

THE OFFICE CAT
Dear Editor—Which is the most important—a man's wife or his trousers?
Answer—Well, there's lots of places a man can go without his wife.
Many prominent citizens have no time to be anything else.
A youth was sent to the reform school for being unmanageable. A loud chorus from wives reading this item: "Queer my husband hasn't been arrested."

Gimme a kiss.
I'll give you a kick
Fine, what's a kiss without a kick in it?
The most stylish back in America is the greenback.
If your life seems naught but worry, Laugh it off.
If your gloom thoughts you would bury, Laugh them off.
If the dark clouds gather round you And your friends try hard to hound you, And Old Trouble sure has found you, - Laugh it off.
If the town seems shot to blazes, Laugh it off.
It is worse in other places, So, laugh it off.
Things will come right in the end, Even how they're on the mend, None are bad as they pretend, So, laugh it off.
If you think it sizzling hot, Laugh it off.

IN THE WORLD OF SPORT

Curtain Will Go Down On Home High School Football Saturday Next

The final curtain of the 1924 High School home schedule will be lowered on Saturday afternoon when Coach Stepanian's team will meet the heavy Clairton team. This encounter was scheduled as a "let up" after the hard California game but it develops that Clairton has been gradually working up to the point where they can give any team all the stiff resistance asked for. Harry "Poke" Williams, star of last season's Charleroi High team reports that they cannot be taken too lightly. Many of the Clairton players are veterans of the strongest. Donata did it last year. Maybe Clairton has been primed to do it this season.
Fans who watched Charleroi at Clairton last season will recall that Coach Stepanian started his second team and they ran up twenty-one points in the first quarter and held the field and failed to score the remainder of the game. There are no easy games of football these days, not for Charleroi High School. Each Saturday finds Red and Black fighting some team who is bent on destroying their championship aspirations. As yet no team has come close but there are three more games to be played. None of them can be considered easy.
Haimant will be out of the lineup for at least another week. He was completely used up after the California game but a good rest should find him ready for the Monongahela game.
Svenson Dillon, Feehan and Shivers are lost to the squad for the rest of the season and many of the reserves are nursing bruises from their games with Bentleyville on Tuesday.
The final home game will start at 3:30 p. m. and a large crowd will probably be on hand to see the boys in action in their last home game. The officials for the game will be: Story, Referee; Barbe, Umpire; Hoke, Linesman.

LEONARD WILL RISK HIS TITLE ON COAST; MEETS JOE BENJAMIN
Homestead Boxing Club is making preparations for the opening of the glove season in Homestead tomorrow night when the newly formed organization will stage its first show in Sokol Hall. The club matchmaker, Al Pryel, has welded together a program which he believes will result in a big turnout as three Homestead boys are to meet lads of equal ability from other sections of that vicinity. Also Homestead fans are to see their last favorite, Hugh Manson, pitted against a lad who has a big reputation, Don Carson, of Indianapolis, who while not known in this section to the general run of fans, has a clipping book which shows that he has faced some of the best lads in the business, notable among them being Johnny Buff, Little Jeff, Emil Palus, Jack Jerry and others.
The main bout appears to be one in which there will be lots of fine action. The same is likely in the semifinal between Andy Tomaskey, of Wilmington, and Lee Mortimer, of Homestead. Jack Rowe, of Braddock, who is back home after a sojourn in New York, where he boxed with some of the celebrities, meets Bull Miller of Monessen, in the second bout and in the opening bout Johnny Morton of Homestead, and Kid Alexander of Pittsburgh, will meet.

THE U. OF P. AND W. & J. PLAY ON SATURDAY

Pittsburgh, Pa., Nov. 13—University of Pittsburgh and Washington and Jefferson College will engage in their twenty-fifth annual football game at Forbes Field, Pittsburgh, Saturday, the kickoff being at 2:30. A crowd which will pack Forbes Field to the very limit and should number at least 32,600 will witness the game.
The game has been being played since 1880 the University being known as the Western University of Pennsylvania from 1880 to 1907. No games were played from 1899 to 1904. In this span of 33 years the University has won 12 games and W. & J. 12 although W. & J. has scored three more points for a total of 100 as against Pitt's 233. The game in 1900 was won by W. & J. by the score of 34-0. They also won in 1901, 1902, 1903 and 1905. The University won its first game in 1905 by the score of 11-0. In recent years Pitt had had a big advantage over its ancient rivals, winning eight out of nine games. W. & J.'s victory in 1921 was the lone set back for the Panthers, the Red and Black then being coached by "Greasy" Neale.
The game next Saturday seems to be a toss up. Pitt's showing against Lafayette was much better than the game which W. & J. played against the Maroon at New York but results of the games this season clearly show that big football games cannot be judged on comparative scores. When Pitt and W. & J. meet it is a battle from start to finish with the breaks usually playing important parts of the game. Both teams will present their full strength Saturday, and it is a safe prediction that neither team will win by a big margin.
The Pitt and W. & J. Varsity will line up with both teams shy many of the lads who started the 1923 contest. On the present Pitt team only Chae, Johnson, Wisinger and Gustafson who started last year's game are likely to start Saturday, although Gustafson is also available. Of the 1923 W. & J. lineup Hadden, Berenssen, Wild, Basista and Harmony are still in line, but Hadden may not play as he was hurt in practice.

H. T. A. C. TO HOLD SMOKER FRIDAY EVENING
Tomorrow evening the Hill Top Athletic club will hold a Smoker at their club house.
There will be something new—introducing new fighters, comedy bouts and a battle royal and the event promises to be one of the most felicitous of any yet held by this popular club.
SIKI IS TO FACE MARULLO ON FRIDAY
Battling Siki, Senegalese heavyweight, will face Yvra Marullo, of New Orleans, at Madison Square Garden, New York, Friday night in a 12-round bout. The Garden management announced yesterday, Siki replaces Paul Beckenbach, who suffered an injured wrist while training.
Siki scored a victory over Kid Roscoe in Passaic, N. J. Monday night, in his first appearance since injuring his wrist.

So laugh it off.
Temperature is a state of mind, And right here it's not the kind That you further east will find, So, laugh it off.
If you're worried 'bout the crops, Laugh it off.
And the way the market flops, Laugh it off.
You can't always have the best— Take your loss with all the rest— All bad luck's not in the West, So, laugh it off.
If you don't like girls' bobbed hair, Laugh it off.
You can bet the girls don't care, So, laugh it off.
They will say long hair is hot, And who's to say that it is not, To kick at them seems tommyrot, So, let's mind our own business.

FIRE DEPARTMENT IS TO HAVE A BASKETBALL TEAM

The Charleroi Fire department is to have a first class basketball team on the floor this year.
It expects to play firstclass independent teams and some college teams. The schedule is being arranged by Manager Bruce Hayes, and Coach Charles Lowstuter has ordered practice to begin next Monday in the High School auditorium.

Homestead Boxing Club To Open The Season On Tomorrow Night
New York and the metropolitan district, which has been the boxing world's mecca for several years, faces the prospect of having its monopoly broken if the new California law, permitting 12-round bouts, results in the expected boom to the ring game on the coast.
California, where pugilism flourished in former days, has restricted bouts to four rounds of late, a limit which served to keep away many of the ring's most prominent performers and eliminated the chance of championship bouts. With this extended to 12 rounds, the limit which now prevails in New Jersey, the scene of numerous important bouts of late years, California is expected to provide attractions after the first of the year for many of the game's titleholders and other leading lights whose activities have been centered in the Metropolitan district.
Already a number of Eastern boxers have started west on "prospecting" expeditions, influenced also by a temporary period of depression there. Benny Leonard, the world's lightweight titleholder, disclosed yesterday that he had begun negotiations with Los Angeles promoters for a 12-round title bout there in February against an opponent yet to be selected, likely Joe Benjamin.

Big Crowd Will See Washington High Play The Uniontown High

At the present rate of increase of interest in the Uniontown High school team's tilt with Hank Dav's Washington High school eleven at College Field Friday afternoon at 2 o'clock the largest crowd of the season is certain to attend.
A serious crash to Washington High school's chances at victory occurred yesterday when Dr. J. C. Knox's examination of Captain Bill Greed disclosed the fact that he had contracted blood poisoning.
Bill had a boil on his leg which seems to have been broken and became infected during practice. He is confined to his bed and will be unable to play Friday, possibly the remainder of the season.
His loss to the team is a serious one. A leader of three years, and a natural leader, his services to the team have been invaluable. At his position at the center of the line he has played a consistently good game, and his loss to the team is a really serious one.
Coming with blood in their eyes and confident of handing the Little Presidents their first scholastic defeat at Washington since 1915 the Fayette countians are sure to spring some interesting fireworks during the College Field classic.
Three games remain on the Little Presidents' schedule Monessen, Turtle Creek and Uniontown which is expected to be the hardest of the trio. Beaten only once by the straggling Jeannette High school eleven on an off day the visitors are considered one of the strongest aggregations in the Tri-State district.

Finns Trained to Work

Finns are good athletes by force of circumstances. They get their training from the day they are born. When the child is old enough to go to school gymnastics is a part of his education and when he or she has graduated from the school there is strenuous work ahead, work for existence. Women must work as well as men. They are not afraid or ashamed to do hard work, attend the cattle, milk the cows and work in the fields.—Buffalo Express.

FIROPO OUTPOINTED BY WEINERT

Charlie Weinert, Newark heavyweight, outpointed Luis Angel Firopo in a 12-round no decision match in the Armory at Newark, N. J. last night in the opinion of newspapermen at the ringside.
The Newark fighter cleverly evaded Firopo's terrific right outboxed his opponent in every skirmish and crossing with his right put the Argentine on the defensive.
Firopo attempted to box but his awkwardness was no match for Weinert's skill. Although Weinert was fast firing toward the close of the match there was no question among the ringside experts but that his shade was decisive. There were no knockdowns.

POWER

is absolutely necessary to make a machine run. If something prevents a machine from getting sufficient power, it cannot do its work properly.

The human machine gets its life power from the brain, from which it is dispatched through the spinal cord over the nervous system to every cell in the body. If the lungs, heart, stomach, kidneys, liver, etc., of any part is weak or not working right, something somewhere is cutting off some of the power.

In most cases this power is weak because of pressure on a nerve where it leaves the spine.

CHIROPRACTIC ADJUSTMENTS release this pressure and the power gets through. Let us explain more fully now.

Such popularity must be deserved

TO convert critics into enthusiasts, whether for a new school of music or for a cigarette, requires something more than luck. There's sound reason for every big swing in popular taste.

So, to account for Chesterfield's

swift rise, look to the cigarette itself, its tobacco, its blending—in short, its taste. This one thing alone—its decidedly better taste—explains why thousands of smokers are changing from other cigarettes to Chesterfield.
